## LARUE COUNTY CATTLEMEN

LaRue County Cattlemen will meet on **Tuesday, March 14th at 7:00pm** at the LaRue County Extension Office. There will be representatives from the Kentucky Department of Agriculture Livestock Marketing program sharing information about what they do and how to understand their reports. There will be a meal provided and we ask that you bring a dessert to share. This meeting will count for CAIP educational requirements.

## SHEEP & GOAT MEETING

Due to scheduling conflicts, there will be no Sheep and Goat meeting in March. We do have a commitment from Kentucky State Vet Dr. Jessie Lay, who will be at the **April 25th meeting at 6:30pm** to discuss vaccine protocols with small ruminants.

## LARUE COUNTY FARMERS MARKET

There will be an informational LaRue County Farmers Market meeting on **Monday, March 27th at 5:30 pm**. This will be immediately followed by a voucher training that is required if you are interested in accepting vouchers at the Farmers Market.

## BACKYARD POULTRY PROGRAM

Backyard Poultry program series will start on **March 30th at 6:30pm** at the LaRue County Extension Office. If you have any interest in backyard poultry this will be a great way to learn valuable information that will prepare you for producing your own eggs or to sell to others.

*Sadly, I need to share with you that my last day at the LaRue County Extension Office will be on Friday, March 31st. I have very much enjoyed the work I have done in LaRue County over the last seven years and am thankful to have had such a great group of community leaders and volunteers to work with such as yourselves. I will be transferring to the Hardin County Office to be the Agriculture Agent there. I was very happy in LaRue County and this was not an easy decision. The location of this new position will be a better fit for my family and I'm also excited about the opportunities that this position will provide for me. I will not be a stranger and look forward to working on agriculture programs with LaRue County in the future.*

Sincerely,

Daniel Carpenter, LaRue County Extension Agent for Agriculture & Natural Resources Education
